

HOMEATLAS PRIVATE AGREEMENT

Property Service & Quote Agreement

Your property, plan, schedule, and pricing

- Agreement version: ca-service-quote-v1-draft
- Agreement date: [AGREEMENT DATE]
- Incorporated MSA: [MSA VERSION]
- Service Provider: [LEGAL COMPANY NAME]
- Business address: [LEGAL BUSINESS ADDRESS]
- Notice email: [LEGAL NOTICE EMAIL]
- Phone: [LEGAL PHONE]

Customer and property

- Customer: [CUSTOMER NAME]
- Email: [CUSTOMER EMAIL]
- Phone: [CUSTOMER PHONE]
- Service address: [PROPERTY ADDRESS]
- Sales context: [SALES CONTEXT]
- Presentation language: [PRESENTATION LANGUAGE]

Your HomeAtlas care plan

- Plan: [PLAN NAME]
- Cadence: [SERVICE CADENCE]
- Planned visits per year: [VISITS PER YEAR]
- Initial term: [INITIAL TERM]
- Renewal after the initial term: [RENEWAL TERMS]

Visit-by-visit service schedule

[SERVICE SCOPE]

Each visit must separately identify every service as **Included**, **Optional**, or **Not included**. The structured schedule may include exterior windows, interior windows, screens, cobweb removal, solar panels, pressure washing, and other specifically described work. An optional item is not scheduled or charged unless Customer later approves its description and price in writing or electronically.

The public website estimate is for exterior window cleaning only unless this agreement expressly adds another service. A general label such as "full service" does not override the visit-by-visit schedule.

Service-specific notes

- Exterior windows: [EXTERIOR SCOPE NOTES]
- Interior windows: [INTERIOR SCOPE NOTES]
- Screens: [SCREEN SCOPE NOTES]
- Cobweb removal: [COBWEB SCOPE NOTES]
- Solar panels: [SOLAR SCOPE NOTES]
- Pressure washing: [PRESSURE WASHING SCOPE NOTES]
- Other work or exclusions: [OTHER SCOPE NOTES]

Unless expressly included above, the plan excludes hard-water restoration, paint or construction-debris removal, scratch removal, screen repair, seal failure, mineral correction, and correction of pre-existing damage. Interior work requires safe access and the preparation stated in the visit notes.

Prices

- Standard one-time first-visit value: [STANDARD FIRST VISIT VALUE]
- Member first-visit rate: [FIRST VISIT RATE]
- Each continuing visit: [RECURRING VISIT RATE]
- Visit-specific price adjustments: [VISIT PRICE SCHEDULE]
- Estimated first-year agreement total: [ANNUALIZED VALUE]
- Taxes and governmental charges: [TAX TERMS]
- Credits or discounts: [CREDIT TERMS]

The first-visit rate and continuing rate are deliberately shown separately. The first-year estimate is based on the accepted visit schedule. Taxes, customer-approved add-ons, visit-specific prices, credits, rescheduling, or cancellation can change the amount actually paid. HomeAtlas will preserve this accepted snapshot; a later change does not silently rewrite it.

Scheduling, access, and service records

SqueegeeKing will coordinate operational dates through Jobber within the accepted cadence. Exact dates may move for weather, smoke, safety, access, equipment, or other operational conditions. Customer will provide safe and lawful access, secure pets, disclose known hazards, and complete stated preparations. The parties will use the following no-access or rescheduling process: [RESCHEDULING TERMS].

HomeAtlas may display Jobber scheduling information in Customer's private portal. Scheduling visibility is not by itself approval to charge. Technicians may attach visit notes and reasonable condition or completion photos to the private property record; public marketing use requires separate permission.

Selected payment rail

Payment rail: [PAYMENT RAIL]

Card-on-file account

If **Stripe card on file** is selected, Customer enters the payment method on a separate Stripe-hosted page after DocuSign is complete. Saving the method does not itself collect a payment. SqueegeeKing and HomeAtlas store Stripe references and status, not the full card number.

[BILLING SUMMARY]

Affirmative payment authorization: [BILLING CONSENT]

Customer authorizes only charges supported by this signed agreement, an accepted Jobber-scheduled service, the displayed price or permitted price range, and any separately approved add-on. HomeAtlas's first-of-service-month automation may prepare or collect the month's accepted scheduled work only when the account and billing safety gates are satisfied. A Jobber entry does not authorize an undisclosed price or unapproved optional work.

Trusted cash-or-check account

If **Cash/check - owner approved** is selected, no automatic card charge will be attempted. Payment is due [MANUAL PAYMENT DUE TERMS], and HomeAtlas will record the amount, date, method, and receipt or reference. SqueegeeKing may require a card-on-file amendment before future work if manual payments become overdue. This option is valid only when SqueegeeKing affirmatively accepts it in the signed packet.

Add-ons and scope changes

Customer may request an available add-on through HomeAtlas, email, text, or another recorded channel. Before scheduling or charging it, SqueegeeKing will disclose the work, price or calculable price, affected visit, and whether it changes future visits. Customer's written or electronic approval becomes part of the property record.

A permanent plan change requires a signed amendment or replacement Property Agreement. A one-visit add-on does not automatically become part of future visits.

Service concerns

Customer should report a reasonably discoverable concern within three calendar days after the affected visit through the portal, notice email, or published phone. SqueegeeKing may inspect and, when the accepted scope was not completed, use a reasonable re-service, correction, credit, or refund of the affected line item as the first remedy. Non-waivable California rights remain unchanged.

Initial term, cancellation, and enrollment savings

[CANCELLATION SUMMARY]

Customer may request cancellation through the private HomeAtlas portal under **Member care to Request membership cancellation**, by emailing [LEGAL NOTICE EMAIL], or through another stated cancellation channel. HomeAtlas timestamps the request without requiring a reason. Any applicable statutory cancellation right controls during its statutory period.

If this plan includes an introductory or enrollment discount conditioned on completing the initial term, the exact calculation and maximum amount due on early cancellation must appear here: [ENROLLMENT SAVINGS TERMS]. It may reflect only the specifically disclosed savings and is not intended as a penalty. The owner must remove this term unless the calculation is explicit and intentionally accepted for the released version; later counsel may revise it.

Cancellation does not erase an undisputed amount for accepted work already completed. The effective date, effect on scheduled future visits, any refund, and any amount still due will be confirmed in a retainable acknowledgment.

Automatic renewal / continuous service

IMPORTANT RENEWAL TERMS - REVIEW BEFORE SIGNING

[RENEWAL SUMMARY]

- The plan [RENEWAL BEHAVIOR] after the initial term.
- The renewal period is [RENEWAL PERIOD].
- Expected charges are [RENEWAL CHARGE AMOUNT OR RANGE] at [RENEWAL CHARGE FREQUENCY].

- Customer may cancel through [CANCELLATION METHODS].

Customer's affirmative renewal consent: [RENEWAL CONSENT]

SqueegeeKing will provide a retainable acknowledgment containing the renewal terms and cancellation policy, preserve consent evidence for the legally required period, provide required advance and annual reminders, and keep a direct cancellation method available. Online activation will include an online method that does not obstruct or delay cancellation.

Fee or material-term changes

[RATE CHANGE SUMMARY]

No change is retroactive. Before a fee or material change takes effect, SqueegeeKing will send a retainable notice identifying the current term, new term, effective date, and a direct cancellation method within the legally required window. Customer may reject a future change by canceling before it takes effect, subject to payment for accepted work already completed.

California customer-home transaction

[HOME SOLICITATION NOTICE]

If HomeAtlas records this as a covered customer-home sale, the released DocuSign packet must include the applicable signature-adjacent cancellation statement and completed Notice of Cancellation in the same language principally used in the sales presentation. SqueegeeKing will provide the required copies and oral explanation. The applicable statutory right controls over any conflicting plan term.

Incorporated MSA and precedence

Customer also accepts the separately titled California Master Service Agreement included in the same DocuSign envelope. This Property Agreement controls a conflict about this property's customer information, scope, first or continuing price, cadence, add-ons, payment authorization, cancellation disclosure, or renewal disclosure. The MSA controls the remaining relationship terms.

Customer confirmations

Immediately before signing, Customer confirms that:

1. the customer and property information are correct;
2. the visit-by-visit scope and exclusions were available for review;
3. the first rate, continuing rate, first-year estimate, and optional-service prices or pricing method were available for review;
4. Customer selected the payment rail shown above;
5. the initial term, cancellation policy, renewal terms, amount or range and frequency of charges, and cancellation methods were available for review; and
6. Customer received the MSA and any applicable Notice of Cancellation before signing.

- **Customer signature and date:** supplied by DocuSign

- **Service Provider acceptance:** supplied by the released DocuSign template
